

Dear Birth Mom,

We are praying for you and we already hold a special place in our hearts for you. If God leads our paths to cross, and you choose us to be part of your child's story, we will never take that gift for granted. Your child will always know that they were loved from the very beginning. You will be a cherished part of our family's story, and your child will grow up knowing the incredible gift you have given them.

We look forward to getting to know you and walking this journey together. We believe He is already at work—guiding hearts, opening doors, and preparing all of us for the road ahead. We are committed to raising your child in a home filled with faith, love, laughter, and grace. We will pray with them, speak life into them, and help them grow into who God created them to be. We know we can only do that because of your courage and love.

Thank you for considering adoption. Thank you for choosing life.

**With love,
Dexter & Anna**
